WORK EXPERIENCE

Tech-Savvy Customer Support, Software Developer, Automation Specialist
PRO INDUSTRIAL

Remote, UAE   *08/2024 – 05/2025*

- Engineered automated data collection systems for business operations, enhancing data accuracy and operational efficiency.
- Conceptualized and developed secure Power BI dashboards, which reduced reporting time by 40% and facilitated real-time business insights.
- Provided expert technical support for financial and inventory software, resolving errors to minimize operational downtime by 30%.
- Installed and configured barcode scanners, ensuring seamless integration with inventory management systems and performed firmware updates to maintain system efficiency.

Software Developer and Production Management
Belmoda

Cota   *01/2023 – 07/2024*

- Pioneered a production management system for garment factories, achieving a 40% increase in efficiency, an 80% reduction in manual data entry, and a 60% improvement in cost estimation accuracy. Built using JavaScript, Vite, Electron, Firebase, IndexedDB, and other technologies.
- Implemented an innovative barcode-based inventory system, enhancing stock traceability by 50% and optimizing stock replenishment processes.
- Designed and developed real-time analytics dashboards, offering management crucial cost and performance metrics, resulting in a 60% reduction in financial losses.
- Managed the installation and maintenance of barcode scanning systems, ensuring appropriate configuration and timely firmware updates for optimized inventory control.

Data Analyst, IT Support, and Production Manager
Belmoda

Bogota D.C *01/2018 – 12/2022*

- Spearheaded the transition to Industry 4.0 by digitizing inventory and sales processes, which reduced stock management errors by 90%.
- Developed an Excel VBA-based ERP system that significantly diminished manual data entry errors by 80% and reduced report generation time from hours to mere minutes.
- Implemented robust server-based security measures, bolstering data protection and enforcement of role-based access restrictions.
- Trained over 40 employees on ERP software (WorldOffice) and IT security protocols, ensuring adherence to industry standards.
- Championed the acquisition and configuration of barcode scanners, integrating them into inventory and sales operations to enhance both accuracy and operational efficiency.

Store Manager
Belmoda

Bogota D.C *01/2014 – 12/2017*

- Instituted monthly inventory audits, which led to a 90% reduction in stock discrepancies.
- Optimized transaction processing speed by 70% through the integration of an automated Excel VBA billing system.
- Developed data-driven sales insights, empowering management to implement a commission-based incentive system that elevated sales performance.
- Managed daily financial transactions and order dispatch, achieving 100% accuracy in cash reconciliation.
- Formulated a warehouse organization system, enhancing inventory retrieval speed and reducing misplacements.

Cashier and Order Dispatcher
Distribuidora Surtioriente

Bogota D.C *01/2012 – 12/2013*

- Managed cash operations and coordinated order dispatch.
- Delivered exceptional customer service while overseeing inventory management.

EDUCATION

Certification - Internal Auditor in Information Systems and Privacy ISO IEC 27001:2022
Universidad Nacional de Colombia

Bogotá D.C, Colombia *05/2024 – 08/2024*

Courses - Web Development, JavaScript, Python, React.js, Vite, Tailwind
Platzi

Bogotá D.C, Colombia *01/2020 – 05/2025*

Bachelor's - Industrial Engineering
Universidad Jorge Tadeo Lozano

Bogotá D.C, Colombia *06/2012 – 08/2019*

Certification - Advanced Excel Certification
Universidad Jorge Tadeo Lozano

Bogotá D.C, Colombia *01/2017 – 08/2017*

SKILLS

JavaScript	Python	Vite
Tailwind CSS	Electron JS	Google Cloud (Firebase)
VBA	SQL	MySQL
Power BI	DAX	Excel Advanced
